Family Satisfaction Surveys

These have been sent to each Service Users representative. Please help us by completing these and returning to the office. Could we also ask that you help your Relative/Friend complete a Service User Satisfaction Survey, available from the office.

Residents Activities

On the 11th July 2017, we were joined by "The Vamos Theatre Group" with their production titled "Sharing Joy". A fun afternoon was had by 12 of our Service Users involving drama and games, with some musical entertainment provided too! This was brought to us through The Seagull Theatre, in Pakefield and we hope to be involved with any future events. A play entitled "Finding Joy" is being staged at The Seagull Theatre in September 2017, Please find details on the posters displayed within the Home.

A Message from Joy

"Lucky, the Service Users Kitten has now been microchipped, at the correct time Lucky will be neutered following this she will be allowed out to play.

There has been a concern raised regarding Lucky being the homes pet. I would like to make you all aware that requesting a kitten was a choice of the Service Users. Whilst I fully understand as a kitten she is very playful and may scratch and jump up this will of course lessen the older she gets. We will support the Service Users to look after Lucky. Lucky will be in her cage at busy times to prevent her from getting hurt. A staff member will look after Lucky when she is playing to allow Service Users to hold her if they wish, or just watch her play.

May I ask that no visitor or family member lets Lucky out of the cage but to leave this to the staff for safety reasons whilst Lucky is so young.

Thank you!"

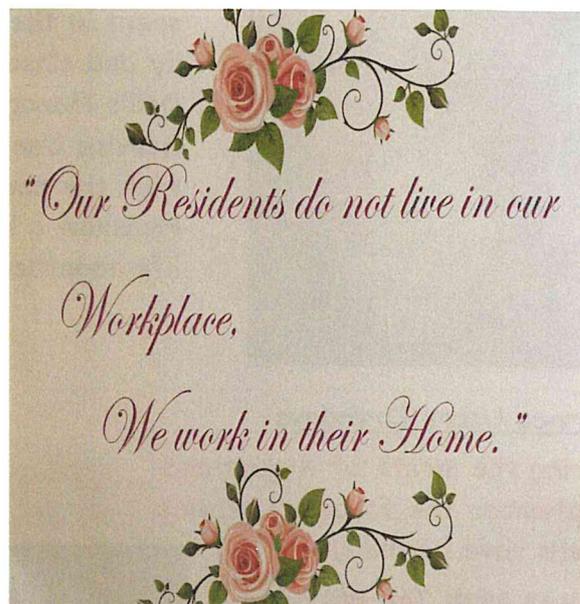

Best Regards,

Joy
